

Caprice,

I wanted to share with you and everyone at Next Level Wellness (Dr. Vas and Dr. Camille) how wonderful my experience was. I have never experienced such successful PT. As an ex professional athlete and now a police officer, I have had my fair share of PT due to injuries. I'm not sure what ya'll do that is different, but I can say Dr. Camille's hands-on strength with the hip flexor release was so amazingly helpful. Although it was extremely painful at the time, the response my body felt was amazing, and your follow up exercises were perfect in making me stronger and completing my recovery.

I know several of my co-workers were also patients at Next Level Wellness and also had extremely positive results.

Even though my back problems are ultimately permanent, my pain has been relieved and I have returned to full duty as a police patrol officer as well as returned to doing other things I love.

I want to thank you all for your personal attention and expertise. I would highly recommend Next Level Wellness to anyone. Best worker's compensation rehabilitation ever!! And that is hard to find.

God Bless!

Sincerely,

Bonnie Breeze
