

To Whom It May Concern:

After having surgery for a slap tear on my right shoulder, the staff at Next Level Wellness were key to getting my mobility and strength back. Every FIT treatment by Dr. Gatsinaris limited the scar tissue and increased my mobility. Caprice is very knowledgeable with functional movement and helped me to gain the strength I needed to get back to full duty. I have been to other Physical therapy facilities and and I have never felt more at home. The entire staff is like a family and the facility had all the equipment and space anyone needs for full recovery. Thanks for the great experience.
