

To whom it may concern,

I have been a law enforcement officer for over 12 years. My career has involved many injuries from minor bumps and bruises to major injuries that required surgery and months of physical therapy. I went to Next Level Wellness for an injury I sustained to my ankle and foot. Dr. Vas and Caprice were amazing. I knew from the first visit, this was the premier physical therapy office. They got me up and running and they developed a long term plan to keep me healthy. Not to mention, I gained two lifelong friends!

Reflecting back on my many injuries on the job, I wish I knew about Next Level Wellness sooner. Early in my career, I needed physical therapy after my shoulder surgery. I wish I was sent to Next Level back then because I would have been treated the right way.

I highly recommend Dr. Vas and Caprice. They are professional, very knowledgeable and truly support the men and women of law enforcement. Thank you!

Sincerely,

Dave N.
